## QThink Tank

Randy made a banner for his team. It is shaped liked a triangle. Each side of the banner is 42 inches long. How many inches is it around Randy's team banner?

Draw a picture in the tank to show your work.

## Data Place

Use the data in the calendar to answer the questions.

1. Two dates in a row have a sum of 29 . What are the dates?
2. Three dates in a row have a sum of 12 . What are the dates?

3. What is the sum of dates on the first 3 Sundays? $\qquad$
4. Thanksgiving falls on the 4th Thursday of November.

What is its date? $\qquad$

## Puzzler

Figure out each code. Fill in the blanks.

1. $4+5=5$ and $5+8$ If $=3$, then $=$

## Connections to the Common Core State Standards

As shown in the chart below, this activity will help you meet your specific state math standards as well as those outlined in the CCSS. These materials address the following standards for students in grade 3. For details on these standards, visit the CCSS Web site: www.corestandards.org/the-standards/.
