# Shapes I See

Dear \_\_\_\_\_,

Shapes are a part of your child's everyday life. There are shapes in the blocks kids build with, the foods they eat, the clothes they wear, and more. Exploring shapes gives children early experiences in geometry—an area of mathematics that is evident almost everywhere we look.

Sincerely,

Your Child's Teacher

**Look around you. Find things that match each of the shapes here.  
Draw a picture of each object in the matching shape.**
